

Expand Your Chapter's Services to include the **On-Line World**

Add to the ways your chapter offers support – by facilitating a support group ON-LINE!

We would like to help your chapter host an on-line support group! Currently, DBSA is hosting two on-line groups, but there is a need for more. The goal is to have one hour-long support group offered each day of the week. If your chapter is interested, complete the application below and return it to the Chapter Relations Staff.

Once we have commitments from chapters, we will list the time and date and the organization who is hosting the support group on DBSA's website.

To learn more about our current on-line support groups, please visit:
